Resort living at its very best!

How many times have you gone on a weekend excursion and spent a day to get there and back? Here at **Candlewick Lake** you won't have to do that. Only an hour away from O'Hare airport, our community is not only a great place to live, it's also a great place to own a second home – some come on weekends and holidays, others come for the entire summer.

The community also has an outdoor sports complex that offers areas for softball, soccer and a variety of other sports. There are walking trails which are easily accessible and our roads are well maintained and perfect for a bike ride.

Our recreation center offers opportunities for every age group - from toddlers to seniors - to participate in activities they enjoy.
