CONDITIONAL ADVANTEX PERMIT

System design: Advantex w/ trenches Primary/Reserve

Health Department ID# SWP-05-425
 TM# 56N-16, Subdivision: Battery Ridge Estates, Lot 16

To Whom It May Concern:

This letter in conjunction with the approved plans, (pages 14) from Kirk Sweeney, AOSE# 178, 4/1/04, which are attached, constitutes your permit to install a provisional type sewage disposal system for a **4 bedroom, 600 gallons per day** residence. The application for a permit was submitted pursuant to Section 12 VAC 5-610-250 J. of the Sewage Handling and Disposal Regulations, July 1, 2000 and, to 32.1-163.5 of the *Code of Virginia* which requires the Health Department to accept private soil evaluations and designs from an Authorized Onsite Soil Evaluator (AOSE) or a Professional Engineer working in consultation with an AOSE for **residential** development. The permitted site was certified as being in compliance with the Board of Health's regulations (and local ordinances if the locality has authorized the local health department to accept private evaluations for compliance with local ordinances) by: (Kirk Sweeney, AOSE# 178, phone# 804-730-8220). This letter is issued in total reliance upon that certification. This letter does not cover local ordinances.

The Board of Health hereby recognizes by the AOSE/PE that the soil and site conditions acknowledged by this correspondence, and documented by the AOSE/PE stating are suitable for the issuance of a Conditional Sewage Disposal Construction Permit. This letter, authorization and permit will be null and void if there is any substantial physical change in the soil or site conditions where a sewage disposal system is to be located.

If modifications or revisions are necessary, the Health Department and AOSE/PE needs to be contacted. Revisions must be submitted by the AOSE/PE to the Health Department (prior to construction if system change), phone numbers located above and within packet of the AOSE/PE and the Department. The AOSE/PE is authorized to make minor adjustments in the location or minor design of the system provided adequate documentation is provided adequate documentation is provided to the **Stafford Health Department.**

Conditional Permit Letter
Health Department ID# SWP-05-425
TM# 56N-16

No part of any installation shall be covered or used until inspected, corrected if necessary and approved by the AOSE who authorized this permit. The AOSE is responsible for submitting an "as built" drawing with original footprint, fully completed inspection report stating systems materials and completion statement prior to final approval. The Health Department may make a final inspection of the system and/or well site prior to issuance of the Sewage Operations Permit (SOP) and Water Well Approval (if applicable).

The Owner/Agent is responsible for hand delivering all required paperwork to the Health Department at least 72 business hours PRIOR to receiving an Operations Permit for the above property.

Your application for a sewage disposal system construction permit prepared by **Kirk Sweeney, AOSE** to the **Stafford Health Department** has been evaluated in accordance with the requirements contained in the Code of Virginia, Section 32.1-164.1, and Section 12 VAC 5-610-250 J. of the Sewage Handling and Disposal Regulations, July 1, 2000 and GMP# 114 and AOSE Regulations

Based on the information filed with your application, soil and site evaluations conducted by: **Kirk Sweeney, AOSE**, and review and study of all data presented available, this is to inform you that your application for a sewage disposal system construction permit is hereby approved with conditions. All items listed below are a part of the permit and the conditions that are and have been applied to the approval, installation and use of the sewage disposal system.

- A. This letter is a part of the sewage disposal construction permit with conditions issued for the above referenced location.
- B. This permit design packet and soil estimations were performed by the certified AOSE (Authorized Onsite Soil Evaluator). This packet's liability falls totally upon those individuals. This Health Department reviewed to ensure the packet met at least the minimums of the Sewage Regulations.
- C. This letter shall be recorded and indexed in the grantee index under your name in the land records of the Clerk of the Circuit Court of **Stafford**.
- D. You must furnish to the **Stafford Health Department** certification, by the Circuit Court, indicating the deed book number and page number upon which the permit and all conditions have been recorded. In lieu of the deed book and page, an instrument number may be provided to the **Stafford Health Department**.
- E. **No contractor may install an AdvanTex Treatment System unless they are first certified by Orenco Systems Inc., and/or an Orenco Systems, Inc., certified AdvanTex Dealer as meeting their minimum competency standards for contractors.**

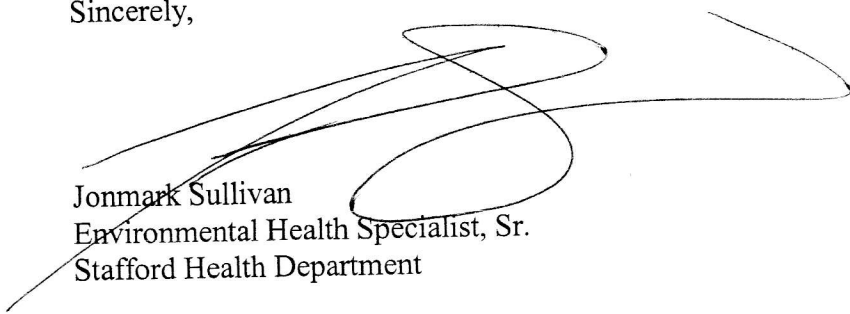

- F. **Construction permits (i.e., not operation permits) normally shall be valid for a period of 18 months; however, no construction permit shall be valid beyond the completion date of the experiment. Permits shall note the provisional nature of the system and that they cannot be converted to a certification letter. In the event that the provisional system fails to meet the protocol, VDH is not obligated to reissue either a construction permit or a certification letter.**
- G. **Should the AdvanTex Treatment System fail to perform to the satisfaction of VDH, VDH may rescind or modify this Provisional Protocol. Prior to taking such action, VDH shall notify Orenco Systems, Inc., of the nature of the problem and of the action it intends to take.**
- H. **THIS PERMIT IS NON TRANSFERABLE!**

In accordance with the Virginia Administrative Process Act, the Health Laws of Virginia Section 32.1-164.1 of the Code of Virginia and Sections 12 VAC 5-610-250 J., of the Sewage Handling and Disposal Regulations, this letter is to further inform you of your right to appeal to obtain a modification or elimination of the conditions established in and for the issuance of this permit.

If you desire to pursue this appeal you should submit, within thirty (30) days, to Dr. Donald Stern, M.D., Director, 608 Jackson Street, Fredericksburg, Virginia, 22401, (540) 899-4797, a written request detailing and outlining all the facts, and such other data or other information which forms the basis of your appeal for a review of the decision establishing the conditions outlined above.

If this office may be of further service, please call at 288-9018.

Sincerely,

Jonmark Sullivan
