**(20) 1st calf heifers with calf @ side - Angus, BWF, Simmental X,** –these heifers were exposed to a Springfield Angus calving ease Angus bull, medium to large frame cattle, short hair, easy going, at press time there were (14) calves on ground that are mighty spiffy.

**(50) Bred Heifers** -Angus based heifers, bred to calving ease Angus bulls & X bulls, these heifers will calve @ 2-years of age with largest percentage of these heifers being Black, BWF & a few Smokes, & Red, frame size 5  $\frac{3}{4}$ , weigh approx. 1200#. All of these heifers are out of proven producers & have EID buttons, most of these should start calving week after sale with some calving winter & early spring, sold with a guarantee to have a live calf. The criteria for E. B. & Shane keeping heifers back as we keep most of the colored heifers – we can bred them to black bull & get black calves.

(4) 11-month old commercial bulls Purebred Hereford, Red Angus X, SimAngus raised on grass, these bulls will not melt & will continue grow with proper nutrition & bred cows at same time.

Note: these heifers & bulls were selected from 550 head+ group, the sibling mates of heifers have performed excellent @ the feed yard with big percentage going into CAB & grading Choice or better.

**PROVEN Jr. MATRONS** coming w/6<sup>th</sup> calf– Selling **(35)** head of proven jr. matrons . This is our entire herd of cows that are '14 year models, due to calve November & December, M & L frame cattle, average weight 1450# & have produced a calf every year in the same time frame– consist of Angus, Angus X, Simmental X, Senepol X, P & P. All have excellent udders, good feet, lots of depth & spring in the

rib to handle forages, cows sold with a guarantee to have a live calf, all have EID buttons. For the past 5 years every one of these cows have had a calf, got up & protected it from the coyotes – this proves they are protected mothers.

**All cattle on annual vaccination Pyramid 5 program, cattle will have EID buttons.**

**KEEP 'EM KIND** – E. B. will again offer the KEEP 'EM KIND option on his cattle. At buyer's option, E. B. will offer to purchase first offspring of his cattle at this sale – steers will carry a \$25.00 premium and heifers will carry a \$50.00 premium above weekly livestock market average. Calves need to be weaned between six to nine months of age & follow a program similar to Southeast Pride Blue Tag requirements. Listen carefully sale day– E.B. could annuity up some more.

At the forefront of performance.

The oven should be done on sale day.

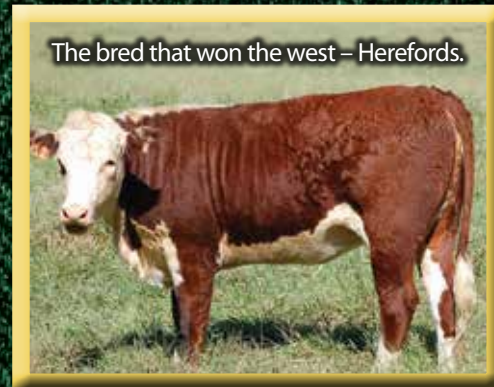

Hopefully there'll be 20+ like this on 13th November

She's just a day old on photo day.

She'll stretch a long way.

The bred that won the west – Herefords.

This heifer's mama is as good a cow the E.B. & Shane have on the farm.

She marked her offspring almost identical.

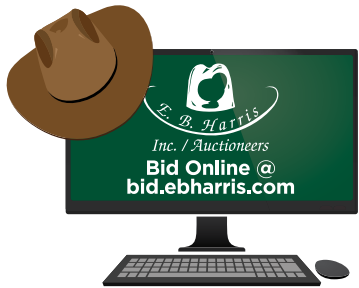

**Owner's Note: Welcome to our 20<sup>th</sup> Annual Sale!** It again gives us great pleasure to be able to offer cattle that have proven themselves time after time to be good producers & we feel that they will continue to do the same for the new owners. We are using what we think are the best genetics available to produce cattle that will prove maximum performance in cold weather & also perform in the hot humidity in the summer. Please give us a call if you have any questions. We look forward to serving all our returning customers and earning the business of our new customers too. If there is anything we can do to make your experience better, please do not hesitate to contact us. We're grateful for this chance to earn your business.

Also Selling (1) Jack,  
(1) Jenny – approx. 2-yrs. old

These are the calves of the (35) Jr. Matrons crop – scale busters.

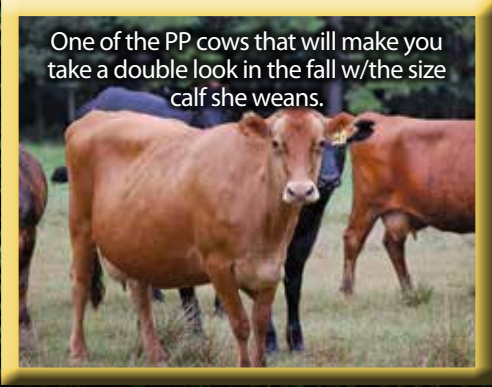

Promise kept & she'll do the same in '22.

She is already starting thickening up.

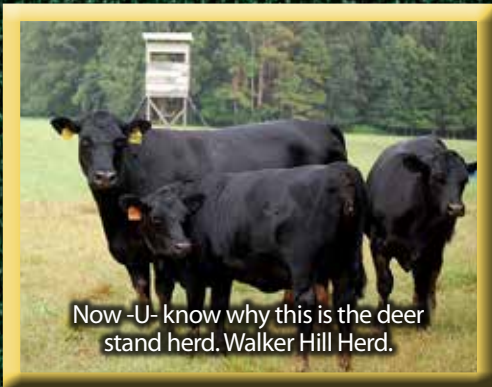

Helping our fellow stockman is our business & we take it very seriously.

One of the PP cows that will make you take a double look in the fall w/the size calf she weans.

This is E.B.'s opinion – If -U- want replacement females, here is your ideal maker, short hair, big barrel, easy going, fly resistant, 1st of heifers service sire.

Now -U- know why this is the deer stand herd. Walker Hill Herd.

Where style meets performance.

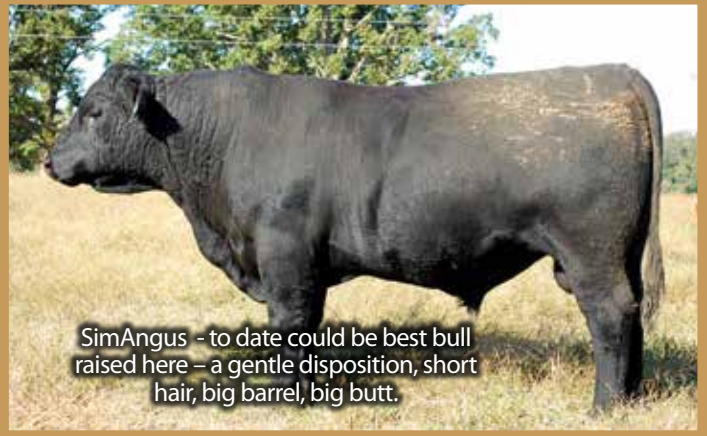

About as efficient as -U- can get right here pound for pound.

Slick hair to stand the heat in the southwest is the way we raise them.

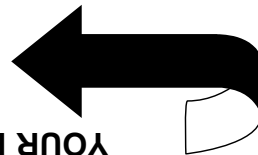

Commercial bulls that will not melt.

SimAngus - to date could be best bull raised here - a gentle disposition, short hair, big barrel, big butt.
