(20) 1st calf heifers with October calf @ side - Angus, BWF, Simmental X, & St. Gertrudis X- these heifers were exposed to a calving ease Angus bull, medium to large frame cattle, short hair, easy going, at press time there were (16) black calves on ground that are mighty spiffy.

(52) **Bred Heifers** -Angus based heifers, bred to calving ease bulls, these heifers will calve @ 2-years of age with largest percentage of these heifers being Black, BWF & a few Smokes, & (1) ½ blood Wagyu, frame size 5 ¾, weigh approx. 1200#. All of these heifers are out of proven producers & have EID buttons, most of these should start calving week after sale with some calving winter & early spring, sold with a guarantee to have a live calf. The criteria for E. B. & Shane keeping heifers back as we keep most of the colored heifers - we can breed them to black bull & get black calves.

11-month old commercial bull & 2-yr. old Angus X commercial bull, that are out of dams

on the sale, sired by forage bull that is 2/3 body, 1/3 legs, fly resistant, easy disposition, they will sire calves that will perform well on forages, sire black calves.

!! Extra!! (10) ½ blood Wagyu open heifers from the 2023 calf weaning crop, average 600#, double vaccinated, all natural, sired by Wagyu bull that E.B. bought out of Texas.

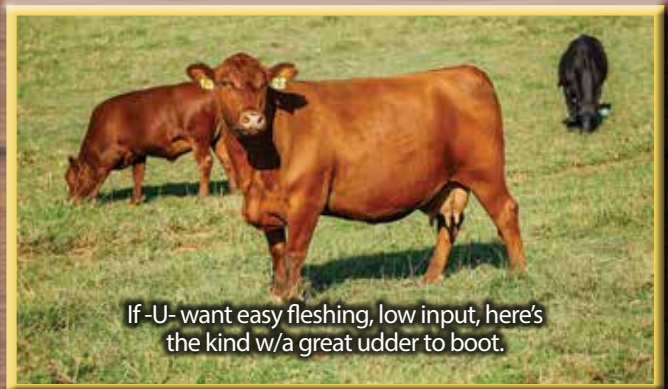

Note: these heifers & bulls were selected from 550 head+ group, the sibling mates of heifers have performed excellent @ the feed yard with big percentage going into CAB & grading Choice or better.

PROVEN Jr. MATRONS coming w/6th calf- Selling (38) head of proven jr. matrons. This is our entire herd of cows that are 16 year models, due to calve November & December, M & L frame cattle, average weight 1375# & have produced a calf every year in the same time frame- consist of Angus, Angus X, Red Angus, Blue & Red Roan, Simmental X, Senepol X, P

& P. All have excellent udders, good feet, lots of depth & spring in the rib to handle forages, cows sold with a guarantee to have a live calf, all have EID buttons. For the past 5 years every one of these cows had a calf, got up & protected it from the coyotes - this proves they are protected mothers.

All cattle on annual vaccination Pyramid 5 program, cattle will have EID buttons. Cattle have been kept in electric fence, some have been exposed to a one-strand electric poly wire.

KEEP 'EM KIND - E. B. will again offer the KEEP 'EM KIND option on his cattle. At buyer's option, E. B. will offer to purchase first offspring of his cattle at this sale - steers will carry a \$25.00 premium and heifers will carry a \$50.00 premium above weekly livestock market average. Calves need to be weaned between six to nine months of age & follow a program similar to BQA requirements. Listen carefully sale day- E.B. could annuity up some more.

OWNER'S NOTE:

Welcome to our 22nd Annual Sale!

It again gives us great pleasure to be able to offer cattle that have proven themselves time after time to be good producers & we feel that they will continue to do the same for the new owners. We are using what we think are the best genetics available to produce cattle that will prove maximum performance in cold weather & also perform in the hot humidity in the summer. Please give us a call if you have any questions. We look forward to serving all our returning customers and earning the business of our new customers too. If there is anything we can do to make your experience better, please do not hesitate to contact us. We're grateful for this chance to earn your business.

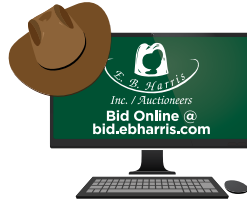

Also Selling (2) Jack colts, 4- 5 months of age.

*Cattle Sell With
A Guarantee That's Yet
to Be Matched.*

Forget about the color we still
sell them by the #.

These St. Gertrudis X get out & go to work
45 minutes before the rest of the herd.

If she were to lose her ear tag, just save the \$1.25.

We may be at as larger #'s in the cow herds that
we are going to see for a long time in the US.

It's not all about the biggest calf,
it's about #'s per acre.

Daughter like mother – she is a
keeper to see you in 2030.

Where will you be in 12-14 years from now – she will still be working.

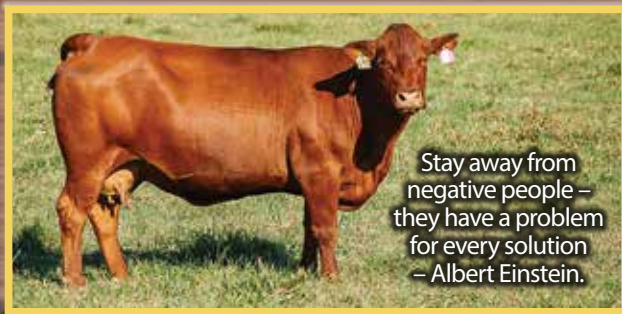

It's all about the female when we raise bulls.

One of the only breeds developed in the US – St. Gertrudis & they are about cattle queens in the southeast.

We bred our cattle w/-U- in mind. This is proof -U- can get those black calves to bring a premium

Stay away from negative people – they have a problem for every solution – Albert Einstein.

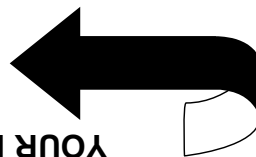

What's it worth to educate a youngin? - Gemma & Wesley
