## AUCTIONEER'S NOTE

**Tony & Dawn are retiring from farming** to continue in the growing landscape business. Tony is like a lot of other farmers in the urban parts of the state. He has lost a large percent of his farming land that he leased to housing development. Take note of the low hrs. It's only every now and again that -U- can buy equipment of this model with only a small number of hours. It will be worth your time to be with us on the 5<sup>th</sup> of October to see and take back to your farm equipment of this quality.

**For more detailed info contact Tony @ 336-345-6388.**

**Bid online**  
@[bid.ebharris.com](http://bid.ebharris.com)  
or come to sale  
& bid in person

Has all the buttons & lights w/a 1750 gal. tank & just about float on water.

This JD 6-row, 30" may be planting the next yield champion

-U- stretch a long way with these grain augers.

& E.B. did not photo shop this Longhorn cow & (2) Catahoula Leopard pups - they are just curious about the Farmall 90.

This 20' header will cut the crop so close a bird will have to pack his lunch.

Put teeth into tillage.

Creep feeding calves on today's market pays off.
