**There will be several tanks to hold your supplies as you may need.**

**Handle those seeds as gentle as if you had on kid gloves.**

**When it's too windy to pick up rocks have a Case 435.**

**Spraying w/out a nurse tank is like trying to harvest w/out a grain cart.**

**If -U- have uneven gravel to dump on think about using a chassis trailer.**

**Been on the search for a 20' almost new cutter – here -U- go.**

Crop rewards are always in season w/750, 15' w/a new bottom side.

Football coaches wish all their players had followed a JD 348 baler =it makes boys into men.

If -U- plant 6, 12, or 24 this corn head has it all covered.

Step forward into plant growth.

Operate it for less – count on it for more spread when -U- need too.

Turn around time is \$\$\$ saved @ the mill.
