What would -U- change on this 1st calf heifer other than zip code?

It's a good time to be in the cattle business - one of the commodities showing black ink.

A 1st & 2nd calver drinking water from Owen Creek - may say something right there.

This should be a 3-n-1

This 1st calf heifer stands a 50% chance that she will have a bull calf or 50% chance a heifer calf & it will be black.

Real cow men stop for cow manure.

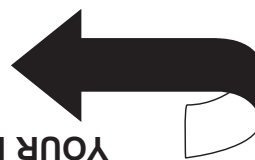

Mark your calendar so you won't miss it. for this year. Saturday 19th April. The Annual Warren County Cow Pasture Equipment Auction date has been changed to
