AREA OVERVIEW

US Bankruptcy Real Estate Sale

Fort Lauderdale is the city you never want to leave. From the rich, natural beauty of our world-famous beach, waterways, and cultural offerings, to the array of entertainment and educational opportunities. Our 165-miles of scenic inland waterways wind through the city, highlighting what makes Fort Lauderdale unique and why it truly lives up to its designation as the “Venice of America.”

Our semi-tropical climate is highlighted by more than 3,000 hours of sunshine each year and pleasant year-round ocean breezes. The picturesque Riverwalk serves as the cornerstone of the City's arts, science, cultural and historic district which features the Broward Center for the Performing Arts, Museum of Discovery and Science, Museum of Art and Old Fort Lauderdale Village and Museum. Las Olas Boulevard has gained international acclaim as Fort Lauderdale's centerpiece of fashion, fine dining and entertainment. In addition, the City's downtown area is home to Broward College, Florida Atlantic University, the award-winning Broward County Main Library, federal, county and school district offices.

Once known strictly as a tourism-based economy, Fort Lauderdale now supports a diverse range of industries, including marine, manufacturing, finance, insurance, real estate, high technology, avionics/ aerospace, film and television production. Fort Lauderdale is establishing itself as a world-class international business center and one of the most desirable locations for new, expanding or relocating businesses. Fort Lauderdale is a great place to live, work and raise a family, and the City looks forward to continuing to build upon its success to meet the challenges of the 21st Century and beyond.
