broker or salesperson represents both parties to a transaction, or when two salespersons licensed to the same broker each represent a party to the transaction. Dual agency requires the informed consent of all parties and means that the broker or salesperson owes the same fiduciary duties to both parties to the transaction. This role limits the level of representation the broker and salespersons can provide and prohibits them from acting exclusively for either party. In dual agency, confidential information about price, terms, and motivation for pursuing a transaction will be kept confidential unless one party instructs the broker or salesperson in writing to disclose specific information about him or her.
