House & Buildings

The property includes a one-story brick home built in 1984 with 2,539 square feet of finished living area on the main level and a full basement.

The main level opens into a formal living room with a bay window over looking the front yard of beautiful hickory trees. The family room includes a masonry fireplace with a gas insert and built-in cabinetry. The kitchen features hardwood flooring, solid-surface counter tops, and double ovens. Adjacent to the kitchen is a light-filled study or breakfast area with a built-in desk. Also on the main level: two bedrooms, one full bathroom, one shower-stall bathroom, and a half bathroom with laundry and a mud room/storage room.

The lower level totals 2,539 square feet, with approximately 1,700 square feet finished. Finished areas include two non-conforming bedrooms, one shower-stall bathroom, a family room, steam sauna, billiards room, and a putting green room with muraled walls. The attached garage can be accessed from the basement via a stairwell. Unfinished areas include built-in storage shelving and a utility sink. Additional laundry hook-ups are installed in this area. Heating is provided by a gas forced-air furnace, and the home is equipped with central air conditioning.

Outdoor features include a 40 square foot open frame porch and a 440 square foot composite/vinyl deck. The driveway is newly blacktopped in 2025.

Garage space includes a 676 square foot attached brick garage built in 1984, and a detached 24' x 36' (864 square foot) frame garage built in 1983. The detached garage includes a heater.

Water & Well Information

The well is located on the northeast side of the house.

Septic System

There is a 1,250-gallon septic system located west of the house. The system will be inspected prior to closing.

LP Tank

The LP tank is rented.
