11/23/24

In ref to the dwelling of:

Joseph Rogers, 1240 Old Creek Lake Drive, Tappahannock, VA 22560

The following work was completed, and has a one time transferable warranty. Mr. Rogers home was given a full encapsulation. Details of the work done are listed below.

- Remove all old fiberglass insulation from crawl bag and
- dispose of offsite
- Spray all wood surfaces with anti-microbial spray
- Knock down soil fill in voids under duct and where piping comes through foundation
- Line crawl with 10 mil viper taping all seams and joints sealing off space
- perimeter foundation walls
- Seal all vents and penetrations
- Spray foam hard duct with 1" average closed cell spray foam
- Spray approximately 1.5" average closed cell foam along perimeter foundation walls leaving 3" termite inspection reveal strip
- Install MIDEA cube 50 dehumidifier with power supply
- Install new door frame and 3/4" PVC DOOR with new hardware

**If you may have any questions, please call or email us.**

**Sincerely,**
