The bidding will proceed in the bid increments that were established for that lot.

6. **Dynamic Ending.** Each auction item in an online auction has a specific closing time and the ending time for each item is Dynamic (Extends Automatically) and will reset to 5 minutes if a bid is placed within the last 5 minutes of the item closing time. This will continue until there are no bids on that item for 5 minutes.

4. Electronic Notification

Auctioneer emails a weekly newsletter or email blast notifying its bidders of the upcoming auctions and important information.
