Actions and activities which may be so conditioned by such agreement may include, but shall not be limited to the following: (i) any act or omission which seeks to abandon, partition, subdivide, encumber, sell or transfer the Common Areas or any other real estate or improvements owned, directly or indirectly, by the Association for the benefit of any lots; (ii) any change in the method of determining the obligations, assessments, dues or other charges which may be levied against the owners of lots; (iii) any act or omission which may change, waive or abandon any scheme or regulations, or enforcement thereof, pertaining to the architectural design, exterior appearance or exterior maintenance and improvements erected upon the Properties, driveways, or the upkeep of lawns or plantings located upon the Properties; (iv) failure to maintain specified fire and extended coverage insurance on insurable portions of the Common Areas; (v) use of hazard insurance proceeds for losses to any improvement erected upon the Common Areas for other than the repair, replacement or reconstruction of such improvements; (vi) the failure to maintain kinds of insurance and amounts, from and covering risks as specified by such mortgage holders or insurers; (vii) permitting holders of specified mortgages on lots to jointly or singly, pay taxes or other charges which are in default which may have become a charge against the Common Area, to pay overdue premiums on hazard insurance lapse of any such policy for such property and permitting mortgagees making any such payments to recover the amount thereof from the Association.

ARTICLE III
COVENANTS FOR MAINTENANCE ASSESSMENT

A. Creation of the Lien and Personal Obligation of Assessments.

1. The Developer, for each lot owned within the Properties, hereby covenants, and each Owner for any lot, by said acceptance of a deed therefore, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay: (1) annual assessments or charges, or (2) special assessments for capital improvements or losses, or for failure to maintain and repair, such assessments to be established and collected as hereinafter provided.

2. All assessments, together with interest, costs and reasonable attorney's fees shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment together with interest, costs and reasonable attorneys' fees, shall also be the personal obligation of the person who was the owner of such property at the time when the assessment fell due. The personal obligation for the delinquent assessment shall not pass to his successors in title unless expressly assumed by them, but no such assumption shall relieve any Owner personally obligated from his personal liability.

B. General Assessments.

1. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety and welfare of the residents of the Properties; the improvement, operation and maintenance of the Common Area; the duties and exercise of the powers of the Association; the payment of the proper expenses of the Association and all costs incurred in the performance by the Association of its duties, and the establishment of reasonable reserves for the maintenance repair and replacement of paved areas within the common areas, landscaping and other improvements upon the Common Area.

2. General Assessments levied by the Association for each fiscal year shall be adequate to finance the operation and activities of the Association, to satisfactorily maintain the Common Area, and maintain adequate repair and replacement reserves.

C. Special Assessments for Capital Improvements. In addition to the annual assessment authorized above, the Association may levy in any calendar year, a special assessment applicable to that year only for the purpose of defraying in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the common

area, including fixtures and personal property related thereto, provided that any such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

D. Notice and Quorum for any Action Authorized under Section B. and C.

Written notice for any meeting called for the purpose of taking any action authorized under Section B. and/or C. shall be sent to all members not less than thirty (30) nor more than sixty (60) days in advance of the meeting and shall state the purpose of such meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all votes of such class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirements, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting. If the Association has not been organized and the Developer is acting in lieu of such Association, the above notice requirement is waived.

E. Rate of Annual Assessment. Annual assessments must be fixed at a uniform rate for all lots and may be collected on a monthly or quarterly basis or otherwise at the discretion of the board.

F. Date and Commencement of Annual Assessments.

1. The annual assessments provided for herein shall commence as to each lot on the first day of the month following the Developer's conveyance of such lot. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. At least thirty (30) days in advance of each annual assessment, the Board of Directors shall fix the amount of the annual assessment of every Owner subject thereto. Written notice of such assessment shall be sent to every Owner subject thereto at least thirty (30) days in advance of each annual assessment, but failure to fix or to notify shall not constitute a waiver of this right or of owner's obligation to pay. The due date shall be established by the Board of Directors.

2. The Association shall, upon demand, and for reasonable charge, furnish a certificate signed by an officer of the Association setting forth when the assessment on a specified lot has been paid. A properly executed certificate of the Association as to the status of the assessments on a lot is binding upon the Association as of the date of its issuance.

G. Effect of Non-payment of Assessments, Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the highest rate allowed by state law and shall be a lien against the lot, and shall further be the personal obligation of the person owning the lot at the time the assessment comes due. The Association may bring an action at law against the Owner personally obligated to pay the same or foreclose the lien against the property, and interest, cost and reasonable attorneys' fees of such action or foreclosure shall be added to the amount of such assessments. No Owner may waive or otherwise escape liability for the assessment provided for herein by non-use of the Common Area or abandonment of the lot.

1. And now, for the purpose of better and more effectually securing the payment of said lien indebtedness, rendering unnecessary court proceedings for the enforcement of said lien in the event of the non-payment of said indebtedness and payments thereof, as they become due, and for the consideration of One Dollar paid in cash, receipt of which is acknowledged, the said Lot Owners, their heirs, administrators, successors and assigns, hereinafter referred to as trustors, hereby transfer and convey unto David W. Kious, Trustee, his successors and assigns, the real estate hereinbefore described and specifically the property owned by the owner subject to this Declaration, with the appurtenances, estate, title and interest thereto belonging upon the following uses and trusts:

Trustors agree to pay their pro rata share of Common Expenses when due and further agree to pay all taxes and assessments thereon, general or special, and to pay them when due, and, upon demand of said trustee or the lawful owner and holder of said indebtedness, to pay, discharge, or remove, any and all liens (except a First Mortgage or Deed of Trust) which may be hereafter placed against said property and which shall adversely affect the lien of this instrument or enforcement of the terms and provisions hereof; to keep the improvements on said property in good repair and preservation pursuant to the requirements of this Declaration and the rules and regulations adopted by the Association, and in case the trustee or his successors or the lawful owner and holder of said indebtedness shall hereafter be required to appear in any court or tribunal to enforce, or defend the title to, or possession of, said property, or the lien of this instrument, or appear in any court to prove the above indebtedness, all the costs and expenses of such appearance or proceedings, together with a reasonable attorney's fee, shall be allowed, and be payable by trustors upon demand of the trustee or lawful owner or holder of said indebtedness, and, upon failure to do any of these things, then said trustee, or the lawful owner and holder of said indebtedness may do any or all of these things and the amounts so paid shall bear interest at the rate of 18% per annum, or at the then highest contract rate of interest then legally collectible in Tennessee from the date of payment and shall be and become a part of the indebtedness secured hereby.

Now, if trustors shall pay their pro rata share of Common Expenses aforesaid when due, and pay any and all sums when due, as aforesaid, then this trust conveyance shall be of no further force or effect. But if said indebtedness, or any payment thereof, or interest thereon, is not paid promptly when due, or if, failing to pay said other sums when due, as herein provided, trustors fail to reimburse the trustee, or lawful owner and holder of said indebtedness for all sums, with interest, so expended by said trustee, or lawful owner and holder of said indebtedness, within thirty days from date of such payment, this trust conveyance shall remain in full force and effect, and the said trustee, or his successor in trust, is hereby authorized and empowered, upon giving twenty days notice by three publications in any newspaper, daily or weekly, published in Rutherford County, Tennessee, to sell said property at the east door of the Courthouse in said County to the highest bidder for cash, at public outcry, free from the equity or right (statutory or otherwise) of redemption, homestead, dower, spouse's elective share and all other rights and exemptions of every kind, which are hereby expressly waived; and the said trustee, or his successor in trust, is authorized and empowered to execute and deliver a deed to the purchaser. The Association may bid at any sale under this trust conveyance. The Trustee may, at any time after default in the payment of any of said indebtedness, enter and take

possession of said property, and shall only account for the net rents actually received by him. It is further agreed that, in the event the trustee fails, before selling said property, as herein provided, to enter and take possession thereof, the purchaser shall be entitled to immediate possession thereof upon the delivery to him by the trustee of a deed for said property. In case of sale hereunder, the proceeds will be applied by the trustee as follows:

1st. To the full and complete satisfaction of the interest of the first mortgage holder, unless arrangements have been made for the assumption of the first mortgage by the subsequent purchaser.

2nd. To the payment of all costs, charges and expenses of executing this conveyance and enforcing said lien as herein provided; also reasonable attorney's fees for advice in the premises, or for instituting or defending any litigation which may arise on account of the execution of this conveyance, or the enforcement of said lien; also the expenses of any such litigation.

3rd. To the payment of all taxes which may be unpaid on said premises.

4th. To the payment of all unpaid indebtedness herein secured, and any and all sums expended in the protection of said property, as herein authorized.

5th. The residue, if any, will be paid to trustor(s) legally entitled thereto, their order, representatives or assigns.

In case of the death, absence, inability, or refusal to act of said trustee at any time when action under the foregoing power and trusts may be required or for any other reason, the lawful owner and holder of said lien is hereby authorized and empowered to name and appoint a successor to execute this trust by an instrument in writing to be recorded in the Register's Office of Rutherford County, Tennessee, and the title herein conveyed to the above named trustee shall be vested in said successor.

The word "Trustors" when used herein shall apply to parties both singular and plural.

H. Subordination of the Lien to Mortgages.

1. This transfer and conveyance, and the lien for common expenses payable by a Lot Owner which is secured by the transfer and conveyance shall both be subordinate to the lien of a recorded First Mortgage or Deed of Trust on the interest of such Lot Owner, regardless of whether the First Mortgage or Deed of Trust was recorded before or after this instrument, except for the amount of the proportionate share of common expenses which become due and payable from and after the date on which the Mortgagee or Beneficiary accepts a conveyance of any interest therein (other than as security) or forecloses its Mortgage or Deed of Trust. While the lien for assessments may be extinguished, the personal indebtedness therefor shall remain and be the personal obligation of the Lot Owner who owned the lot when the

assessment came due. Any delinquent assessments (after lien extinguishment) may be reallocated and assessed among all Lots as a common expense. This subparagraph shall not be amended, changed, modified or rescinded except for the appointment of a substitute Trustee without the prior written consent of all First Mortgagees and Beneficiaries of record.

2. For purposes of this section a sale or transfer of a lot shall occur on the date of recordation of an instrument of title evidencing the conveyance of record title.

I. Exempt Property. All property dedicated to, and adopted and accepted by a local public authority shall be exempt from the assessments created herein.

J. Mortgage Protection Clause. No breach of the covenants, conditions, or restrictions herein contained for the enforcement of any lien provisions herein shall defeat or render invalid the lien of any prior mortgage given in good faith and for value, but said covenants, conditions and restrictions shall be binding upon and effective against any Owner whose title is derived through foreclosure or other judicial sale or in lieu of such of any prior mortgage.

K. Owners Shall Indemnify. Each Owner shall indemnify and hold harmless each of the other Owners and the Association from any liability arising from the claim of any lien claimant or judgment debtor against the lot of any other Owner or of the Common Area. The Association or any affected owner may enforce this obligation which includes reasonable costs and attorney fees in the manner of a special assessment or by action at law including all rights granted to the Association under Article II.

L. Other Exemptions. Notwithstanding the prior provisions of this Article II, the Developer shall be exempt from all assessments. Builders who have received title from Developer shall also be exempt from assessments only during the first year of ownership beginning with date of deed; however, subsequent transfer of title during the first year shall not relieve the new owner from liability for assessments from date of the new owner's deed forward.

ARTICLE IV **ARCHITECTURAL CONTROL**

A. Approval of Plans and Architectural Committee.

1. No construction, reconstruction, remodeling alteration or addition to any structure, building, fence, wall, driveway, path, other improvement of any nature on any lot shall be constructed or undertaken without obtaining the prior written approval of the Board of Directors through the Architectural Committee appointed by the Board as to the intended location of same and as to its plans and specifications showing the nature, shape, height, materials and such other specifics as may be required including its architectural style. For this purpose, the Board of Directors shall establish an architectural committee composed of three (3) or more members appointed by the Board which shall have full authority to review and act upon requests for approval of such requests. As a prerequisite to consideration for such approval, and

prior to the beginning of the contemplated work, the applicant must submit a set of plans and specifications with a written request for their approval and an application fee as determined by the Board. The Architectural Committee shall be the sole arbiter of same and may withhold approval for any reason including purely esthetic considerations. In the event the Board, or its designated Architectural Committee fails to approve or disapprove the plans for design and location within thirty (30) days after they have been submitted, approval will not be required and this section will be deemed to have been fully complied with. Upon approval being given, construction shall commence within ninety (90) days thereafter, and shall be processed to completion promptly and in strict compliance with the approved plans; otherwise the approval shall be void. Each Owner acknowledges that the decor, color scheme, landscaping, and design of the property has been selected in such a manner as to be consistent and harmonious with other lots and residences in the subdivision and agrees to maintain and perpetuate the visual harmony of the Properties.

2. The Architectural Committee shall, but is not limited to, consider the following guidelines and stipulations:

a. Every home design is reviewed on a case-by-case basis. Each property has unique characteristics; therefore, previous comments, decisions, requirements, waivers, approvals, or rejections when reviewing new applications do not bind the Architectural Committee.

b. Decisions of the Architectural Committee are final. Owners shall respond to the Architectural Committee comments in writing only. Responses, comments, and revisions will be reviewed at the next scheduled Architectural Committee meeting. In as much as the Architectural Committee retains expert advice and consultation in rendering opinions and decisions, owners may only offer objections to the Architectural Committee with corresponding "expert" opinions.

c. In lieu of product sample submittals, the Architectural Committee may require physical samples installed on site for review. Such samples may include, but are not limited to brick, stone, and roofing material. If requested, a 3' x 3' size sample constructed on site may be required.

d. Owners shall submit window brand name and manufacturer name for review. The Architectural Committee reserves the right to request additional information about window products such as sales literature, brochures, or actual samples.

e. The Architectural Committee does not review nor approve plans for zoning or codes compliance. Therefore, plans approved by the Architectural Committee may not necessarily be acceptable to other governing agencies. Changes required for code compliance on previously approved Architectural Committee plans must be resubmitted for review.

f. Classical Styling must be distinguishable and recognizable

by typical architectural standards. Acceptable architectural styles are of European type, which includes, but is not limited to French, French Country, Chateau, French Colonial, Italianate, Tudor, and Mediterranean.

g. Mixtures of design styles and architectural elements will not be permitted. The Architectural Committee reserves the right to require style or architectural support, research, and documentation of proposed designs.

h. The Architectural Committee reserves the right to request additional supporting documents, i.e. photographs, brochures, sales literature to further describe architectural elements proposed for any structure.

i. Architectural Drawings must be submitted by a licensed architect and may be rejected if they do not meet industry standards of clarity and information. Drawings must be fully "rendered" to accurately show architectural elements and building materials which owner intends to use.

j. The Architectural Committee shall consider each site independently, but shall give extensive consideration to each individual plan's impact upon adjacent home sites and view corridors. Whenever possible, care must be taken to locate each structure so as not to infringe upon view corridors, adjacent structures and home sites, and natural amenities of the site.

3. Prior to the formation of the Architectural Committee, the Developer or its successors and assigns shall constitute or may appoint a person or persons to act as the Architectural Committee.

ARTICLE V **INSURANCE**

A. Casualty Insurance. The Association shall keep all insurable improvements and fixtures on the common area insured against loss and damage by fire for the full insurable replacement cost thereof, and shall obtain insurance against such other hazards and casualties as the Association may deem desirable as well as a general liability insurance policy covering all common areas with coverage for bodily injury or property damage for any single occurrence as well as coverage for any legal liability that results from lawsuits related to employment contracts in which the Association is a party. All policies shall provide that they may not be cancelled or substantially modified without ten (10) days written notice to all insureds including the mortgagees if any. The Association shall also insure any other property whether real personal, owned by the Association, against loss or damage by fire or casualty and such other hazards as the Association may deem desirable, with the Association as the owner and beneficiary of such insurance. All casualty, liability and fidelity bond coverage shall be in such manner and in such amount as required by the Federal National Mortgage Association (FNMA), and their requirements thereto as set forth in Sections 501-504, FNMA Lending Guide or as thereafter amended, are adopted herein by reference. Any insurance coverage with respect to the

common area or otherwise shall be written in the name of, and the proceeds thereof, shall be payable to the Association. Insurance proceeds shall be used by the Association for the repair or replacement of the property for which the insurance was carried. Premiums for all such insurance carried by the Association are common expenses included in the common assessments made by the Association.

B. Replacement or Repair of Property. In the event of damage to or destruction of any part of the common area improvements, the Association shall repair or replace same from the insurance proceeds available. If such insurance proceeds are insufficient to cover the cost of repair or replacement of the property damaged or destroyed, the Association may make a special assessment against all owners to cover the additional cost of repair or replacement not covered by the insurance proceeds, in addition to any other common assessments made against such lot Owner.

C. Other Insurance. The Association may also maintain and pay for insurance policies or bonds that are appropriate for the protection and benefit of the Association, members of the Board and any standing Committee, tenants or guests, including, but without limitation, workers compensation, malicious mischief, and performance of fidelity bonds.

D. Annual Review of Policies. All insurance policies shall be reviewed at least annually by the Board of Directors in order to ascertain whether the coverage contained in the policies is sufficient to make any necessary repairs or replacement of property which may be damaged or destroyed.

E. Hazard, Flood, Homeowners, and Fire Insurance. Each owner shall obtain and maintain in effect fire and appropriate damage and physical loss insurance, all in an amount equal to the then current full replacement value of each residence and improvement owned by such owner, which may be established from time to time by the Board or the Association by resolution. Such additional insurance requirements may be set forth in agreements or other undertakings which the Board of Association may enter into with or for the benefit of holders or insurers of mortgages secured upon portions of the Properties.

F. Obligation to Repair and Restore.

1. Subject only to the rights of an institutional holder of the first mortgage lien on the damaged lot, insurance proceeds from any insurance policy covering a lot shall be first applied to the repair, restoration, or replacement of such residence. Each Owner shall be responsible for the repair, restoration, or replacement of each residence owned by such owner pursuant to the terms hereof. Any such repair, restoration or replacement shall (subject to advances and changes in construction techniques and materials generally used in such construction and in currently generally accepted design criteria) be generally harmonious with the other Cambridge residences, and reconstruction must be consistent with plans approved by the Architectural Committee. Such repair and restoration will be commenced as soon as possible.

2. If the proceeds of insurance are insufficient to pay for the cost of

repair, restoration, or replacement of a residence or improvement, the owner of such residence shall be responsible for the payment of any such deficiency necessary to complete the repair, restoration or replacement.

G. Association Rights. If any owner fails to obtain the insurance required in this article, or fails to pay the premiums therefore when and as required or fails to otherwise perform the obligations of an owner under this article the Association may (but shall not be obligated to in any manner) obtain such insurance, make such payments for any such owner, and/or perform such obligations, and add the cost of such payments or performance, as a special assessment, to the assessments of such owner and enforce the payment of the assessment in a like manner as a general assessment.

H. Proof of Insurance. At the discretion and at the request of the Association, each owner shall provide the Association with a copy of an appropriate insurance policy and a paid receipt thereof, showing that the Owner has proper hazard, fire, flood and homeowners insurance coverage. Failure to so provide such insurance proof on an annual basis or at such other times as the Association may reasonable require will be construed as a default of the obligations under this article, and the Association may take whatever reasonable steps it deems necessary, including the procurement of insurance on said residence, with the Owner to be liable for such procurement as set forth above. All such insurance shall contain a provision for the notification of the Cambridge Homeowners Association, and each mortgage holder named in the mortgage clause, at least ten (10) days prior to the cancellation, or substantial change, of coverage. Nothing herein shall be construed so as to require the Association to procure, insure or be a guarantor that insurance is procured or in force on any lot.

I. Notice to First Mortgagees. In the event of substantial damage to or destruction of any part of the Common Elements, the institutional holder of any first deed of trust or mortgage on a lot will be entitled to timely written notice of any such damage or destruction and no provision of any document will entitle the owner of a lot or other party to priority over such institutional holder with respect to the distribution to such Lot Owner of any insurance proceeds.

ARTICLE VI **EXTERIOR MAINTENANCE**

A. Maintenance of Common Elements. Maintenance of, repairs to and replacements to the Common Elements shall be the responsibility of and shall be furnished by the Association. The cost of maintenance of, repairs to and replacements to the Common Elements shall be part of the common expenses, subject to the By-Laws, rules and regulations of the Association. If, due to the act or neglect of a Lot Owner, or of his agent, servant, tenant, family member, invitee, licenses or household pet, damage shall be caused to the Common Elements, or to a Lot owned by others, or maintenance, repair or replacement are required which would otherwise be a common expense, then such Lot Owner shall pay for such damage or such maintenance, repair and replacements, as may be determined by the Association, to the extent not covered by the Association's insurance or sufficient proceeds are not collected from the insurance

carrier or to the extent any such claim raises insurance premiums.

In addition to the utility and maintenance easements as may appear on the Plat, the authorized representatives of the Association, Board or of the Managing Agent with approval of the Board shall be entitled to reasonable access to the individual lots as may be required in connection with the preservation of any individual lot in the event of an emergency, or in connection with maintenance of, repairs or replacements of the Common Elements or any equipment, facilities or fixtures affecting or serving other lots and the Common Elements or to make any alteration required by any governmental authority.

B. Mailboxes. All mailboxes shall be approved by the Architectural Committee and either purchased from Developer or from whomever the Developer designates, and shall be of either metal or wrought iron material. Under no circumstance shall mailboxes constructed of brick or concrete be allowed. All mailboxes shall be placed at the front property line.

C. Additional Requirements. Each Lot Owner is responsible for all exterior maintenance on his own lot. Each owner shall repair, maintain or replace all exteriors on any building in a good and husbandlike manner. Additionally all landscaping, plants, shrubs, driveways, walks, yards, sidewalk adjacent to the street, etc. shall be maintained in a neat, orderly condition and in a good state of repair and maintenance. All exterior maintenance, including painting, shall be done in the color, method and design that is suitable and approved by the Architectural Committee. The Architectural Committee can base its decision solely on esthetic considerations.

ARTICLE VII

USE AND BUILDING RESTRICTIONS

The following restrictions are in addition to the restrictions and conditions on lot usages aforementioned:

1. **Residential Structures Only.** No lot may be used for any purpose except for the construction and maintenance of a residential building, and no such residential structure on any such lot shall be designed, constructed or used for more than one family.

3. **Noxious or Offensive Conduct.** No noxious or offensive operations shall be conducted or maintained on any lot and nothing shall be constructed, reconstructed or kept on any lot which may constitute an annoyance or nuisance to the neighborhood. The Association is empowered to determine what does or does not constitute "noxious or offensive operations".

4. **Animals.** No animals or livestock of any kind shall be allowed or

7. Garbage and Refuse Disposal. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers. All such containers for the storage of such material shall be kept in a neat, clean and sanitary condition.

8. Lawful Use. No immoral, improper, offensive or unlawful use shall be made of the common area or lots nor any part thereof; and all valid laws, zoning ordinances and regulations of all governmental bodies having jurisdiction thereof shall be observed.

9. Commercial Businesses. No commercial business may be maintained on the common area or on the lots.

10. Alterations. Nothing shall be altered or constructed in or removed from the common area except upon the written consent of the Association. No landscaping shall be altered or disturbed on the common area without prior written approval of the Board.

11. Rules of the Common Area. The Board is authorized to adopt rules for the use of the common areas and such rules shall be furnished in writing to the Owners. All such use of the common areas shall be subject to said rules as adopted.

12. Driveway. Driveway surface material, construction and design, must be approved by the Architectural Committee. In no event shall driveways be unfinished or paved with asphalt. Driveways must be of concrete or other materials approved by the Architectural Committee, and all driveways must be completed prior to occupancy.

13. Minimum Square Feet. The minimum square feet of living area in any residence, exclusive of garages, porches and terraces or the like, shall be 3,500 square feet.

14. Facade Material. The façade of each residence shall be constructed of all brick, stone or masonry or combinations thereof as approved by the Architectural Committee. The Architectural Committee may approve limited use of other appropriate materials where deemed necessary. Notwithstanding these minimum standards, the Architectural Committee shall have absolute power and discretion regarding the facade material, the amount thereof, and the type and style of material as used in each dwelling.

15. Chimneys. Chimneys shall be constructed with brick or stone veneer, stucco veneer is not allowed except when the adjacent wall finish is stucco or stucco is the primary exterior finish. Chimneys may not be cantilevered and must have structural support to grade.

16. Garages. The garage door shall be of the highest esthetic quality and design and the owner shall be required to install and maintain an operational garage door opener, and all garage doors shall remain closed, except for actual ingress or egress therein. There shall be no detached garages or other accessory buildings constructed or located on the premises unless prior approval in writing is granted by the Architectural Committee. Furthermore, all garages must be for at least three cars. Garage doors shall be on the side or rear of the dwelling. NO front entry garages are permitted.

17. Prefabricated Homes. Preassembled structures for residential purposes shall not be permitted even though said structure may meet all minimum square footage and other requirements.

18. Building Encroachments. Clean Construction Site. No building shall be constructed or maintained on any lot (i) in any reserved drainage utility or landscape easement area; or (ii) closer to the street than the setback line as shown on the recorded plat (actual setbacks to be determined by the Architectural Committee); PROVIDED, HOWEVER, unclosed porches, either covered or uncovered, bay windows, steps, or terraces shall be permitted to extend across the setback lines; PROVIDED, FURTHER, HOWEVER, that the main structure does not violate the setback line. Once construction has commenced, it shall proceed diligently. Owner and/or its builder shall be responsible for maintaining a neat and orderly construction site; otherwise, the Board may determine in its discretion to hire third parties to clean the site and charge the expense of same to the Owner.

19. Windows. All windows must have grids, which are appropriate to the style and character of the house design. Windows without grids are discouraged unless it is appropriate to the architectural style of the house.

20. Fences and Walls.

A. The only fences and walls which shall be permitted on lots shall be those erected with the express written approval of the Architectural Committee, which is charged to ensure the location and that said fences conform to the general character and atmosphere of the neighborhood. It is recommended that fences and walls be made of solid mason, wood pickets, or wrought iron with columns. Under no circumstances shall prefab chain link or wooden fences be allowed. Privacy fences may, upon express written approval of the Architectural Committee, be allowed around pools or patios, provided, however, said fences are less than forty-two inches (42") in height. The Architectural Committee may require, as a condition of approval, the use of hedges or other greenery as screening for the fence. All fences and walls must be maintained in good repair, and owners agree to abide by reasonable requests for repairs and maintenance as may be made by the Architectural Committee.

B. On all lots except corner lots, no fence shall be permitted between the front building or setback line and the street. However, the use of hedges, shrubbery or evergreens as a fence, or in lieu of a fence, and extending to the front or sides of any lot is permitted, PROVIDED such hedges, shrubbery or evergreens shall not be permitted to be in excess of forty-two (42) inches in height. On all corner lots, no fence shall be permitted between either building or setback line and either street. In the event an owner incorporates any utility, landscape or drainage easement shown on the plat within the boundaries of a fence, the inclusion of this area shall be done in such a manner so as not to interfere with any drainage or other use of said easement.

21. Unauthorized Structures and Accessories. No lot owner may construct or place any outbuilding, clothes line, satellite dish, antennas, solar panels, fence or any other structure, pen or enclosure, (specifically excluding basketball goals as long as the goal is placed in the backyard only), on the lot owner's property without the prior written approval of the Architectural Committee. The Architectural Committee shall have the power to grant conditional authorization to this restriction, including but not limited to specifying the exact location in which such structure can be erected. There shall be no outside parking of recreational vehicles, including, but not limited to camping trailers, boats, and motor homes on any lot, street or common area. Outside parking of any type of vehicle as well as utility trailers is prohibited on any lot, street or common area when such interferes with the esthetic quality of the subdivision. All exterior lighting shall be consistent with the character established in the subdivision and shall be limited to the minimum necessary for safety, identification and decoration. Exterior lighting of buildings for security and/or decoration shall be limited to uplighting or downlighting and the style and type of lighting

shall be compatible with the building design and materials. No color lens or lamps are allowed. Upon being given notice by the Architectural Committee that any exterior light is objectionable, the owner of the lot on which it is located will immediately remove said light or have it shielded in such a way that it is no longer objectionable.

26. **Guttering.** Complete guttering must be installed on all houses. Several types of guttering may be used. O.G., half round, wood V. or O.G. with metal liners and ground gutters made of brick laid at drip line on ground. 29. **Alterations to the land.** No drainage ditches, cuts, swales, streams, impoundments, ponds; no mounds, knolls, dams or hills, and no other physical improvements or elements of the landscape or terrain of the lot are allowed to be done without the prior written consent of the Association.

30. **Drainage.** Buildings and other improvements placed on the lot shall not interfere with natural drainage patterns. If additional drainage structures are required, they shall be constructed with natural materials such as rock or gravel and properly placed for positive operation of the drainage system. No drainpipes or impervious man-made swale lining material may be exposed.

31. **Construction.** Once commenced, construction shall be diligently pursued to the end and may not be left in a partly unfinished condition any longer than reasonably necessary.

ARTICLE VIII

EASEMENTS, ENCROACHMENTS, COMMON AREA

A. General Assessment. An easement on all lots is hereby reserved for installation and maintenance of utilities and for drainage within the areas as shown on the Plat.

B. Entrance Sign. The Common Areas at the entrance to the subdivision shall be restricted for the purpose of constructing and maintaining any necessary subdivision entrance signs. The cost of maintaining and/or replacing said sign or signs and assessment therefore shall be as provided by the Cambridge Homeowners Association.

C. Easements for Utilities. Easements for installation of utilities and

drainage facilities are reserved as shown on the recorded plat and as set forth herein or as required by later amendments. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may interfere with the installation and maintenance of utilities, or which may change the direction or flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels and easements.

D. Common Areas. The Common Areas, if any, as shown on the Plat shall be conveyed to the Association in fee simple for the use, enjoyment and convenience of all Owners. Each lot and residence is hereby declared to have, subject to the provisions of this Declaration, a non-exclusive easement over all the Common Areas for the benefit of such lot or residence, the Owners of such lot and each of them, and for their respective families, guests, invitees and contract purchasers, for appropriate intended purposes and uses, subject to the right of the Association to adopt reasonable rules and regulations for such use. In furtherance of the establishment of this easement, the individual grant deeds and mortgages to each lot may, but shall not be required to, set forth the foregoing easement. Except as otherwise provided for by this Declaration, the Common Area may be alienated, released, transferred, or otherwise encumbered only with the written approval of all Owners and each holder of a first mortgage on any lot.

E. Association Functions. There is hereby reserved to Developer, any successor to Developer, and the Association, or the duly authorized agents, representatives and managers of the Association, such easements as are necessary to perform the duties and obligations of the Association as are set forth in this Declaration.

F. Ingress and Egress. In addition, there is reserved to Developer, his successors and assigns for the use and benefit of any adjoining property of Developer a right of ingress and egress over the streets, a right to attach to and use sewer and utility easements and such other easements as may be necessary to develop said property.

G. Covenants Running with Land. Each of the easements provided for in this Declaration shall be deemed to have been established upon the recordation of this Declaration, and shall thenceforth be deemed to be covenants running with the land for the use and benefit of the lots and common areas as the case may be, superior to all other encumbrances applied against or in favor of any portion of the Properties which is the subject of this Declaration.

H. Subject to Prior Utility Easements. Notwithstanding anything herein expressed or implied to the contrary, this Declaration shall be subject to all easement heretofore or hereafter granted by Developer for ingress or egress and for the installation and maintenance of utilities, sewers, television cables, drainage, and similar facilities that are necessary or appropriate for the development of the Properties.

I. Utility Easements, Duties and Rights. The rights and duties of the Owners of lots with respect to sanitary sewers and water, electricity, television cables, gas and telephone, shall be governed by the following:

1. Whenever sanitary sewer house connections and/or water house connections or electricity, television, gas or telephone lines are installed within the Properties, which connections or any portion thereof lie in or upon lots owned by others, then the Owners of the lot served by said connections, shall have the right, and are hereby granted an easement to the full extent necessary therefore, to enter upon said lots or to have the utility company enter upon the lots within the Properties in or upon which said connections, or any portion thereof lie, to repair, replace and generally maintain said connections as and when the same may be necessary.

2. When sanitary sewer house connections and/or water house connections or electricity, television cables, gas or telephone lines are installed within the Properties, which connections serve more than one (1) lot, the Owner of each lot served by said connections shall be entitled to full use and enjoyment of such portions of said connections as service his lot.

ARTICLE IX **GENERAL PROVISIONS**

A. Exceptions. Lot 11 and its improvements existed prior to the development of the subdivision and consequently are, in part, contrary to some of the covenants, restrictions and requirements imposed in this Document. Such non-conforming structures are therefore exempt and excepted herefrom unless such structures are destroyed or removed. Any rebuilding of such structures must conform to the covenants, restrictions and requirements of this Document.

B. Enforcement. The Association, Developer, or any Owner shall have the right to enforce, by any proceeding at law or in equity, the restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by this Declaration. The expense of enforcement shall be chargeable to the Owner of the lot violating the provisions hereof and shall constitute a lien on the lot collectable in the same manner as a general assessment. Failure by the Association, the Developer or any Owner to enforce any covenant or restriction herein contained shall in no event constitute a waiver of the right to do so thereafter. Any lot owner shall likewise have a right of action against the Association for failure to comply with its duties.

C. Severability. Invalidity of any one of the covenants or restrictions by judgment or court order shall in no way affect any other provisions which shall remain in full force and effect.

D. Amendment. The covenants and restrictions of this Declaration shall run with and bind the land for a term of 30 years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of 10 years. The Declaration may be amended by an instrument signed by not less than fifty-one percent (51%) of the lot Owners, provided that no amendment shall alter any obligation to pay ad valorem taxes or assessments for public improvements as herein provided, or affect any lien for the payment thereof established herein. Any amendment must be properly recorded to be valid.

Notwithstanding the preceding amendment requirements, the Developer shall have the authority to amend the covenants and restrictions of this Declaration during the two years following recordation of this Declaration or until all of the lots in the subdivision have been deeded from Developer, whichever first occurs.

IN WITNESS WHEREOF, we have hereunto executed this instrument on this the 7th day of November, 2005.
