

NOTE: BEARINGS RELATIVE TO TENNESSEE STATE PLANE COORDINATE SYSTEM - NAD83(2011) ELEVATION RELATIVE TO 2008 DATE OF OBSERVATION 04/20/2026

SURVEYOR'S CERTIFICATE:
 I, Christopher Blake Sexton, Registered Land Surveyor, Tennessee RLS #2400, do hereby certify that the survey shown hereon was made by myself or under my direct supervision on 14 June 2026, and the same is true and correct to the best of my knowledge and belief. I further certify this is a Category IV remote sensing survey, and is in compliance with the current Tennessee minimum standards of practice as defined under rule 0820-03-07C (5). The horizontal datum is NAD 1983, which was derived using a GPS network RTK observation taken by a dual frequency Trimble R12i with a published positional accuracy of 8mm horizontal and 15mm vertical. The unadjusted ratio of precision of the data shown hereon (in relative positioning accuracy given at the 95% confidence level) is at least 1:10,000.

 Tennessee License Number: 2400

- GPS NOTES:**
- (1) Class of survey: IV
 - (2) Type of GPS field procedure: RTK
 - (3) Dates of survey: 29 April 2026
 - (4) Datum/Epoch: NAD83 (2011), Epoch 2010
 - (5) Published/Fixed-control use: TDOT CORS Station TN-2A
 N: 553312.452
 E: 1860677.585
 Z: 650.32
 - (6) Geoid model: Geoid 18
 - (7) Combined grid factor(s): 0.99992186
 - (8) Units: US Survey Feet

Utility Disclaimer
 Surveyor has not physically located the underground utilities. Above grade and underground utilities shown were taken from visible appearances at the site, public records and/or maps prepared by others. Surveyor makes no guarantee that the underground utilities shown comprise all such utilities in the area, either in service or abandoned. Surveyor further does not warrant that the underground utilities are in the exact location indicated. Therefore, reliance upon the type, size and location of utilities shown should be done so with this circumstance considered. Detailed verification of existence, location and depth should also be made prior to any decision relative thereto is made. Availability and cost of service should be confirmed with the appropriate utility company. In Tennessee, it is a requirement, per "The Underground Utility Damage Prevention Act", that anyone who engages in excavation must notify all known underground utility owners, no less than three (3) nor more than ten (10) working days prior to the date of their intent to excavate and also to avoid any possible hazard or conflict. Tennessee One Call 811.

- General Notes**
1. Date field survey completed: 06/14/2026.
 2. Property surveyed contains 164.48± acres total in 16 tracts.
 3. Except as specifically stated or shown on this survey, this survey does not purport to reflect any of the following which may be applicable to the subject real estate: easements, other than possible easements that were visible at the time of this survey, building setback lines, restrictive covenants, subdivision restrictions, zoning or other land-use regulations, and other facts that an accurate and current title search may disclose. Surveyor was not furnished a title report.
 4. This survey was made using the latest recorded deeds and other information, and there are no encroachments or projections other than those shown hereon. This survey is subject to the findings of a title report.
 5. This parcel of land is subject to any and all right-of-ways and/or easements either by record and/or prescription that a complete title search may reveal.
 6. Any location of underground utilities as shown hereon are based solely on observations and field locations of above-ground structures. Additional buried utilities and/or structures may exist.
 7. This is a true and accurate portrayal of the boundaries and physical features array of methods including GNSS observations (Trimble R12i Dual Frequency Receivers), conventional total station observations (Topcon DS-103), robotic total station observations (Topcon DS-203), the available record data, aerial photography, LIDAR, and the physical evidence found in the field.
 8. Based upon a graphic scale this property is located in an Area Designated as Zone "X" (Areas Determined to be outside the 100-Year Floodplain) and Zone "AE" (Areas within the 100-Year Floodplain with base elevations determined) on the most recent Federal Emergency Management Agency (F.E.M.A.) Flood Insurance Rate Map No. 47149C0169H & 47149C0285H, Dated January 05, 2007.
 9. Property has access to public utilities.
 10. Subject property and surrounding properties are zoned R1. See detail for setback information.
 11. Soil sites were located by an actual field survey and information provided by the Soils Group, Inc. The Surveyor assumes no responsibility for the accuracy or completeness of the soils shown hereon.
 12. All distances shown hereon are total distances unless otherwise noted.
