RE: Recent Auction of Real Estate, Equipment, Inventory and Contents

I cannot say enough about the outstanding service that John Roebuck Auctions provided. I am not much of a letter writer and rarely do I hand out accolades but in this case, my appreciation for their performance in helping me reach and exceed my expectations must be expressed.

My family was going through a difficult time coping with decisions that needed to be made regarding our business. I felt that I needed to go another route rather than pursuing a traditional real estate listing and liquidation. Despite my initial misgivings regarding an auction, John Roebuck, the owner of John Roebuck Auctions, sat down with me and convinced me that the auction route would work best. John fully explained the auction process. He also stressed the Absolute Method as the means to generate the greatest return.

After spending time with John and comparing what his company offered as opposed to others, I decided to move forward. My concerns about selling at Auction and utilizing Absolute as the vehicle were quickly allayed once the competitive bidding began on Auction Day. Not only did the Real Estate sell at a favorable price but the overflow crowd bought the individual items for amounts that pleasantly surprised me.

I am sold on Auctions, the Absolute Method and the entire John Roebuck Auctions' team. I also now have a new friend in John Roebuck who guided me all along the way earning my trust through his professionalism and concern.
