## Terms of Use to Attend this Auction:

## TERMS AND CONDITIONS OF SALE

All property is sold "As is" and "Where is" with "All Faults" and "No Warranty, Written or Implied".

Bidders are invited to and should inspect property of interest prior to submitting bids. Reasonable opportunity will be afforded for inspection up to bid opening time, but the state will not furnish labor or materials for such purposes.

The successful bidder is to assume all liability for the property after an award is made. The State will exercise its usual care for protection up to the time of removal but will not be held responsible for any loss or damage to the property after an award.

The Agency reserves the right to reject any or all bids. The Agency reserves the right to withdraw any property at any time prior to an award.

The description of property offered for sale has been compiled from available data, and there is no guarantee or warranty on the part of the Agency as to number, condition, or quality of property offered. Refunds or adjustments will not be made for property not coming up to the standard expected by the bidder, nor will failure to inspect the property be considered grounds for a claim. Verbal comments by custodians concerning the condition of property are not considered by the Agency nor will they be grounds for disputing an award of property.

Photographs and descriptions are provided solely for the purpose of aiding you to identify items of interest. In no way should they be used in making a determination of quality or condition.

Please check your bid for accuracy prior to submitting. A bid for the item cannot be edited or withdrawn by the bidder during the time the property is available on bid.

The Agency does not arrange shipping of any item unless otherwise indicated in "item specific" Terms and Conditions. The agency does not provide any labor required as it relates to the packaging, loading or transporting items. Any costs associated with packaging, loading or transporting shall be assumed by the bidder.
