Dear Mr. McLean:

RE: **No Further Action**  
Luxury Auto Parts  
12459 Jackson Trace Road  
Lincoln, Talladega County, Alabama  
Groundwater Incident Number GW 19-07-01

Dear Mr. McLean:

The Department is in receipt of the Supplemental Preliminary Investigation Report dated April 30, 2020 for the referenced site. No evidence of soil or groundwater contamination was reported. Therefore, no further assessment or corrective actions pursuant to the Alabama Water Pollution Control Act, Title 22 §§ 22-22 -1 to 22-22-14, Code of Alabama (1975) are warranted at this time. The Department, by not requiring further action at this time, is not making a determination as to contamination which may or may not exist at this site. The Department will review any additional information that may warrant further consideration should it become available.

All reports and correspondence will be available in eFile on the Department's website.

If you have any questions concerning this matter, please do not hesitate to contact Chad Reeves at (334) 270-5665 or by email at [Jcreeves@adem.alabama.gov](mailto:Jcreeves@adem.alabama.gov).

Sincerely,

Vernon H. Crockett, Chief  
Groundwater Branch  
Land Division
