66																1) The square footage numbers constitute														
64																an approximation due to occasional rounding.														
62																Thus they are not guaranteed to be 100%														
60																accurate. Bidders are welcome to conduct														
58																the	eir c	ir own measurements if the wish.												
56																2)	The	e se	COI	nd f	loo	r bo	drm	sq	. fo	ota	ge r	efle	ects	.
