House/Garage

Section II. Inspection Findings This report is indicative of the condition of the above identified structure(s) on the date of inspection and is not to be construed as a guarantee or warranty against latent, concealed, or future infestations or wood destroying insect damage. **Based on a careful visual inspection of the readily accessible areas of the structure(s) inspected:**

- A. No visible evidence of wood destroying insects was observed.
- B. Visible evidence of wood destroying insects was observed as follows:
1. Live insects (description and location):

2. Dead insects, insect parts, frass, shelter tubes, exit holes, or staining (description and location): Termite shelter tube stains in closets on both sides of front door. iIn the basement on joist front door area.

3. Visible damage from wood destroying insects was noted as follows (description and location): drywall in both closets on side of front porch and living room wall near the colset.

NOTE: This is not a structural damage report. If box B above is checked, it should be understood that some degree of damage, including hidden damage, may be present. If any questions arise regarding damage indicated by this report, it is recommended that the buyer or any interested parties contact a qualified structural professional to determine the extent of damage and the need for repairs.

Section III. Recommendations

- No action and/or treatment recommended: (Explain if Box B in Section II is checked)
- Recommend action(s) and/or treatment(s) for the control of: Termites, If not under warranty.
