RE: 3204 Seneca Park Rd

Thompson Heating and Cooling proposes to furnish and install the following at the above location.

- Recover and dispose of refrigerant. Dispose of existing equipment.
- Modify existing ductwork to adapt to new equipment.
- Install RUUD 96% 2 stage gas valve and variable speed motor furnace and vent to outside.
- Hookup to existing gas, electric and condensate line.
- Install media air cleaner on the return air to the furnace.
- Install RUUD 3stage RA15 condensing unit with matching indoor coil on pre formed pad.
- Install new disconnect and electrical conduit at the condensing unit.
- Install or flush existing line set, pressure test and pull a vacuum.
- Install condensate overflow protection.
- Install digital thermostat.
- Start up and check system operation.

Total investment \$ 12427

Conditions:

1. Ruud provides a 10 year parts warranty.
2. Thompson Heating and Cooling provides 1-labor coverage with an annual Comfort Club.
3. This proposal is guaranteed for the next 30 days.
4. 50% of payment is due upon agreement and 50% of payment is due upon completion or financing must be pre-approved.

Thank you for the opportunity to bid on this project. Please call me with any additional questions you may have or to schedule installation date.

Sincerely,

Scott Reisch
Comfort Consultant
